USER CONFERENCE

APR 30–MAY 2
BOSTON, MA

2024

The 2024 User Conference Returns to Boston’s Seaport this Spring!

DRVS users from Community Health Centers, physician practices, Primary Care Associations, Health Center Controlled Networks, and clinically integrated networks are invited to join us for a day of pre-conference workshops and two days of general sessions, breakouts, and networking events.

Our growing national conference, returning to Boston’s waterfront Seaport District, is the ideal opportunity for DRVS users to meet, share best practices and ideas, further knowledge and skills, network with the Azara team and each other.

This year’s conference theme is the ‘Navigate’—inspired the by saying, “When you can’t control the wind, adjust your sails.”
